City Directory Advertising Is National Advertising!

- ★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.
- ★ Therefore your ad in the City Directory is seen by buyers from coast to coast.

USERS AGREE . . .

- 1 The City Directory is the only record in existence that aims to identify every adult resident in your community with sufficient other information enabling you to select and contact your best prospects for sales and service.
- 2 The City Directory's Street Directory is again the only "complete" Street Directory of all streets and residences in your community and, therefore, is the only sure way to identify everyone in a given area or on a given street.
- 3 The City Directory is unequaled when used for verification of information by your sales, service and office personnel and is considered a virtual necessity by most business and professional firms.
- 4 The City Directory pays back its cost many times over when used intelligently in the daily conduct of business by those in your firm who come in contact with your customers and prospects or have anything to do with processing information about them.

PRESTIGE ADVERTISING

By having and using your own copy of the local City Directory, you can positively identify—and reach—the kind of person, business firm and family that are most likely to be in the market for the type of product or service that you sell. Through the City Directory you'll be reaching the individuals and businesses with the top purchasing power in your community . . . those who consistently buy when they want to buy, not when they have to.

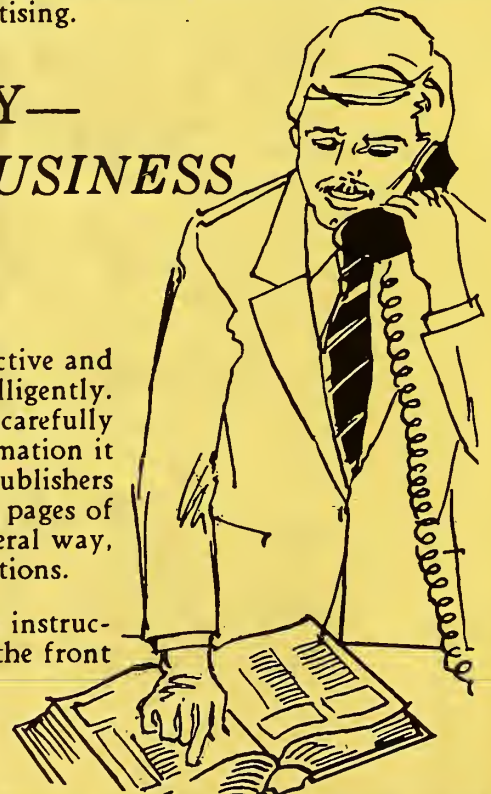

By advertising in your local City Directory, you can make sure these same people can identify and locate YOU.

You join with the backbone of your community business life; you become an integral part of the permanently established, successful firms in your community when you advertise in your local City Directory. This is prestige advertising without the financial penalties normally associated with prestige advertising.

YOUR CITY DIRECTORY— AN INVESTMENT—A BUSINESS TOOL

That will return tremendous dividends in the effective and efficient operation of your business when used intelligently. Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publishers at the address in the front of your Directory.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, present to subscribers and the general public, this, the latest edition of the Clearwater, Dunedin and Largo City Directory.

Confidence in the growth of Clearwater, Dunedin and Largo's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Clearwater, Dunedin and Largo to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Clearwater, Dunedin and Largo City Directory will fulfill its mission as a source of authentic information pertaining to these communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Clearwater, Dunedin and Largo, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, designation of owner-occupied homes, occupation and address of each adult resident of Clearwater, Dunedin and Largo, and the name, official personnel, nature and address of each firm and corporation in these communities. A special feature of this section is the designation of home-owners symbols.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of these communities in terms what they have to offer as a place of residence, as a business location,

received Nov. 11, 1972

educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Clearwater, Dunedin, Largo and vicinity.

Clearwater, Dunedin and Largo Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Clearwater, Dunedin and Largo City Directory, a Directory Library is maintained in the offices of the Greater Clearwater Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

View of the Causeway connecting Clearwater with Clearwater Beach. Also showing Island Estates Development on the left, and Clearwater Marina on the lower left.

The new 90 million dollar Tampa International Airport provides Clearwater with exceptionally convenient service to every part of the U. S., the Caribbean area and South America. Clearwater-St. Petersburg Airport is maintained largely for industrial and personal planes. Both are connected with downtown Clearwater by fast, modern highways. Private airplanes can be taken care of at the Clearwater Executive Airport located within the city limits of Clearwater.

An up-to-date system of passenger buses operates within the city, as well as between Clearwater and Tampa, Tarpon Springs, St. Petersburg and all points on the Florida East Coast.

In Clearwater, the mainland city is linked with the beach resort by a palm-lined free causeway. Between Clearwater and Clearwater Beach are two bridges, both open to fishermen. Devotees of deep-sea fishing have at their disposal a fleet of party and charter craft, moored at the Clearwater Marina.

Clearwater Beach is a corporate part of the city of Clearwater. It occupies a long, narrow island, with the bathing strip facing the blue-green Gulf of Mexico on the West and Clearwater Bay on the East. On this island are all the attractions required for the perfect seaside vacation; bathing pavilions, 2 fine fishing piers, spacious hotels, a modernistic beach clubhouse, the Memorial Civic Center, a municipal marina, nice homes and deluxe motels, apartments, restaurants, bank, post office, and a wide variety of small stores.

On the north end of the island is located the exclusive Carlouel residential section, with its own

Carlouel Club, tennis courts and boat slips.

On the mainland, in beautiful Stevenson Creek Park, are excellent facilities for lawn bowling and Shuffleboard. Individual clubs have been organized for these games, each having its own clubhouse where card parties and other social activities are participated in by the members and their friends.

Sixteen splendid golf courses are located within a 10-mile radius of Clearwater, including the 18-hole course of the Clearwater Country Club. Most are open the year around. Those visiting here find these courses all popular. They have fine clubhouses with artistic furnishings and commodious shower and locker rooms for both ladies and gentlemen. The grass greens are large and scientifically designed and located, the fairways are interesting and have good natural hazards. This is the home of the famed Clearwater Bombers Softball Team; it is the Spring Training base of the Philadelphia Phillies Baseball Team.

Visitors to Clearwater find a community aware of its possibilities and sparked by an aggressive Chamber of Commerce. Service clubs of the city include Rotary, Kiwanis, Lions, Civitan, Optimist, Sertoma, Pilot and Exchange, each meeting weekly. Veteran's organizations are the Turner-Brandon Post of the American Legion, Clearwater Chapter of Disabled American Veterans, Old Fort Harrison Post of the Veterans of Foreign Wars, Clearwater Camp No. 40 of the United Spanish War Veterans, Marine Corps League and Retired Officers Club.

On the cultural side, Clearwater has a fine public library that began 50 years ago with a small collection housed in one room over a downtown bank, and today has approximately 225,000 volumes. The library building on North Osceola Avenue and Sunset Court was presented to the community by Andrew Carnegie in 1916, and was enlarged in 1938, and again in 1961. The library is open each weekday from 9 A.M. to 8 P.M. except Saturdays when it closes at 5 P.M. It maintains a branch in Memorial Civic Center at Clearwater Beach, which is open Monday through Friday. In addition to the excellent library, there is the Florida Gulf Coast Art Center. This is one of the most active groups in the City.

View of Clearwater Beach with its miles of white sand. In the distance is Sand Key, connected to the beach by a toll bridge.

An average of 17 exhibits are shown during the winter season, with an approximate attendance of 25,000 visitors. Clearwater has a progressive Little Theatre which gives a week-long play each month, November through April, in its own Francis Wilson Playhouse. The Clearwater Symphony Orchestra presents concerts in the city throughout the season, and the Clearwater Concert Association brings excellent talent for several concerts.

Notwithstanding the resort atmosphere, Clearwater is distinctly a home-town city, beautiful and modern and favorite for all ages. Unlike the conventional resort city, Clearwater has been built on a stable year 'round foundation. Light manufacturing and research and development operations have been unusually successful in the Clearwater area. Much of this success is due to the ready availability of highly productive engineers, technical and other personnel. The city has built an international reputation as one of Florida's finest convention cities, also.

While Clearwater, in Pinellas County, formerly was one of the leading citrus areas of the state, the industrial growth here has reduced the number of citrus groves until now there are less than 3,000 acres according to tax records. The production is divided between grapefruit and oranges. A large horticultural industry is increasing annually, to meet the demand for the beautification of homes and parks. Already there are 650 nurseries in the county, including 300 which grow plants. The other are dealers.

Together with the large tourist industry, these firms have helped to establish an increasingly stable year-round economy, and to make Clearwater one of the fastest-growing communities in the nation.

For further information on industrial or commercial assistance, write or call--Jim Parker, Executive Vice President, Greater Clearwater Chamber of Commerce, 128 North Osceola Avenue, Clearwater, Florida (33515), Telephone (813) 446-4081.

DUNEDIN

"DELIGHTFUL DUNEDIN ON THE GULF OF MEXICO"

(Courtesy Greater Dunedin Chamber of Commerce)

Dunedin, Florida . . . the beauty spot of Pinellas County, is located midway down the Florida Peninsula, on St. Joseph's Sound, overlooking the Gulf of Mexico, with palm lined streets along the shores of the Sound, providing as beautiful scenic drives as are to be found anywhere in this fabulous State of Florida.

Edgewater Drive

Dunedin is easily accessible to any city in Florida and a network of paved highways and bus lines running north, east and south afford excellent service. Tampa International Airport is located within a twenty mile drive from the City across S.R. 580, or Curlew Road to West Hillsboro in Tampa.

Dunedin is primarily a city of homes, beautiful homes, well landscaped and one can buy or build a home in any price range desired. There are also many apartments and condominiums in the downtown area and over one hundred rental units and condominiums have been built on the Causeway to the beach, with a convenient professional building and shopping center. The growth of Dunedin and surrounding area has been astounding, for the year round population of Greater Dunedin has tripled since 1950 and in 1977 is approximately 30,000.

We enjoy here in Delightful Dunedin an almost perfect year round climate, for the Gulf of Mexico, which keeps us cool during the summer months, also keeps us warm during the winter.

Dunedin is listed as one of the three cities in Florida and one of 50 cities in the United States which is considered a safe place to live. This report was written by David and Holly Franke in their published book with 18 descriptive pages of Dunedin.

One of Dunedin's Street of Homes

Dunedin offers the services of 23 churches, many fraternal organizations, civic and service clubs and a modern library with over 42,000 books. You will also find a community center, a modern and well staffed hospital and diagnostic and treatment clinic. Education is not neglected as there are seven schools, two elementary, a junior high and a comprehensive high school, two parochial schools and one college.

There is something for all ages in Dunedin. The city recreation department has various programs and courses throughout the year with a pool and tennis courts available during the summer months. Since 1967, the big event of the year has been the Highland Games and Festival held in March with all types of Scottish entertainment and banks come from all parts of the continent for this festival. Big league baseball is in Dunedin. The Toronto team of the American League holds its Spring Training Program in the city and also has a fall instructional league team.

Fishermen will find a myriad of fish awaiting rod and reel and for the non-fisherman there is a Shuffleboard Club, which is open to residents and visitors. The City-owned Marina, adjacent to one of the city parks, offers accommodations for all types of power and sailing craft, and the Dunedin Golf and Country Club (formerly PGA) has a modern club house and a course open for play the year 'round. There is also a Par 3 course adjoining--Oak Ridge Golf Center.

DUNEDIN MUNICIPAL MARINA

There are light industries which offer permanent employment, such as A. C. Nielsen Co., H. P. Hood & Sons, Allied Precision Products, Tepro of Florida, Inc., Atech Inc. of Florida, Keller Engineering and Plasti-Kraft Corp.

One of the many attractions is a 476 acre State Park offshore. Caladesi Island State Park is located 1.5 miles from the Dunedin Marina, in the Gulf of Mexico and is a tropical island accessible only by boat, with three miles of natural beach and all activities are water-oriented - swimming, picnicking, fishing, boating and skin and scuba diving.

Dunedin will soon be the only city in Florida with two State parks within its City Limits. At the present time, the state is purchasing Honeymoon Island, which is located at the end of the Dunedin Causeway and north of Caladesi Island. Dunedin Beach is located here and the state plans to improve the beach and leave the island in its natural state as a camping and recreational area.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publishers at the address in the front of your Directory.

City Directory Advertisers

By having and using your own copy of the local City Directory, you can positively identify—and reach—the kind of person, business firm and family that are most likely to be in the market for the type of product or service that you sell. Through the City Directory you'll be reaching the individuals and businesses with the top purchasing power in your community . . . those who consistently buy when they want to buy, not when they have to.

By advertising in your local City Directory, you can make sure these same people can identify and locate YOU.

You join with the backbone of your community business life: you become an integral part of the permanently established, successful firms in your community when you advertise in your local City Directory. This is prestige advertising without the financial penalties normally associated with prestige advertising.

YOUR CITY DIRECTORY— AN INVESTMENT—A BUSINESS TOOL

Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publisher at the address in the front of your Directory.

USERS AGREE . . .

- 1 The City Directory is the only record in existence that aims to identify every adult resident in your community with sufficient other information enabling you to select and contact your best prospects for sales and service.
- 2 The City Directory's Street Directory is again the only "complete" Street Directory of all streets and residences in your community and, therefore, is the only sure way to identify everyone in a given area or on a given street.
- 3 The City Directory is unequaled when used for verification of information by your sales, service and office personnel and is considered a virtual necessity by most business and professional firms.
- 4 The City Directory pays back its cost many times over when used intelligently in the daily conduct of business by those in your firm who come in contact with your customers and prospects or have anything to do with processing information about them.

PRESTIGE ADVERTISING

By having and using your own copy of the local City Directory, you can positively identify—and reach—the kind of person, business firm and family that are most likely to be in the market for the type of product or service that you sell. Through the City Directory you'll be reaching the individuals and businesses with the top purchasing power in your community . . . those who consistently buy when they want to buy, not when they have to.

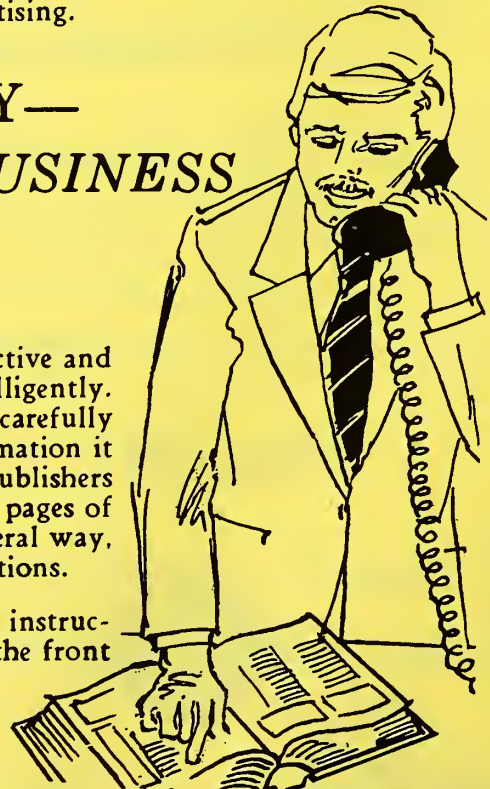

By advertising in your local City Directory, you can make sure these same people can identify and locate YOU.

You join with the backbone of your community business life; you become an integral part of the permanently established, successful firms in your community when you advertise in your local City Directory. This is prestige advertising without the financial penalties normally associated with prestige advertising.

YOUR CITY DIRECTORY— AN INVESTMENT—A BUSINESS TOOL

That will return tremendous dividends in the effective and efficient operation of your business when used intelligently. Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publishers at the address in the front of your Directory.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

What makes a newspaper interesting and useful? Well, . . . many points may be considered, but the real value of any newspaper is in the news that is reported . . . particularly news of paramount interest to those being served . . . the readers. This means local news . . . news of things happening around the immediate area . . . news of friends, . . . neighbors, . . . and places with which we are most familiar. In the Golden Circle that comprises the Clearwater and Upper Pinellas area, . . . one newspaper stands out in this respect . . . the CLEARWATER SUN . . . the only daily newspaper devoted exclusively to the growth and progress of Central and Upper Pinellas County. You'll find more local news in the SUN, . . . reported straight, factually, and without editorial bias. That's how you want it, isn't it? . . . And with complete coverage of National and International happenings too.

 MOVING
 MACHINE

**Works fast. Works free.
 And it will help sell your home.
 Anywhere.**

Moving Machine? Free?

Exactly. Our ERA (Electronic Realty Associates) Moving Machine is a small, electronic marvel through which we are able to send or receive electronic photos of home listings.

As a Member Broker of the ERA network of independent Realtors, this means that when you list your

home with us, a photo of it will be instantly flashed to families moving here. And, it's a fact that out-of-town buyers buy four-out-of-ten homes.

Or, if you're being transferred, drop by and go picture home-hunting in your destination city. In minutes. Pass the word. ERA. Best way to buy or sell a home anywhere. And ERA service is free.

1001 HIGHLAND AVE., LARGO, FLA. 33540

Nine ways your next dream home can become a nightmare.

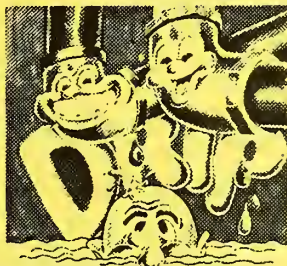

1. The central air conditioning system quits conditioning when the temperature is somewhere between 95° and boiling. (That'll make you hot.)

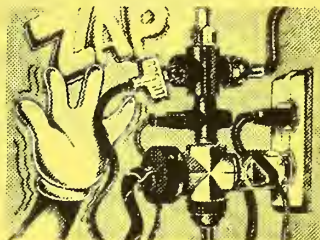

2. The furnace breaks down on a bitter winter night. (Which makes you plenty bitter, too.)

3. The "good as new" water heater dies a cold death. (When it's no time for a cold shower.)

4. A plumbing fixture starts a slow drip. (And your in no mood for torture.)

5. The electrical system blows a circuit. (And you have a short fuse.)

6. Your built-in dishwasher starts making funny noises. (After lasagna dinner for 12.)

7. Your "old reliable" oven suddenly becomes unreliable. (Fifteen minutes after you start baking a German Chocolate Cake.)

8. The sheet metal duct work rusts through in four places. (And you come apart at the seams.)

9. Any one or a combination of the before mentioned happens and **you** have to **pay** for it. (That's a nightmare that'll keep you awake nights.)

One way to protect against expensive surprises: ERA's Home Buyers Protection Plan.

When you look for a dream home, be sure you look for the Home Buyers Protection Plan. Offered exclusively through ERA Member Brokers, BPP covers all the major working components of your home against repair or replacement for one full year after you take title.

Should anything covered break down, one toll-free phone call will start a local repairman on his way to fix it, even in the middle of the night if it's an emergency. And you never pay more than a modest deductible charge.

So, if you prefer a dream home to a nightmare of expensive repairs and replacements, look for an ERA home protected by the exclusive Buyers Protection Plan. It's the finest home warranty in America.

Welcome New Neighbors!

Bring your new life and your Passbook Savings together!

If you're a new resident to the beautiful Suncoast, chances are your Passbook Savings Account is still in your old home town.

Sure it's safe and sure there. But next time you need money from your home town savings account, don't be too surprised if the word "quick" doesn't get lost somewhere along the line. In the mail or in the red tape there's nothing as aggravating as waiting for your own money.

Now here's where we can be a real service to you. First Federal of Tarpon Springs has 11 convenient offices... along the Suncoast. Each staffed with the helpful kind of friends you're used to working with

in your old home town.

Won't you stop by and open a Passbook Savings Account with us. It pays a big 5.25%, compounded daily from the day of deposit till the day of withdrawal. (That adds up to a yearly yield of 5.39%). And your savings are insured up to \$40,000 by FSLIC. That's as safe as you can get.

Naturally there's no charge for this service and no one has ever lost a pennies interest in an insured savings account.

**Do your employers furnish you with
the latest edition of the City Directory?**

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$.
